Chapter 1 by 2fab4u

I live in hell.

Literally the burning inferno opposite of heaven.

It's not as bad as you would really think. I mean, of course everything's on fire and all, but it can't actually burn you. Not to mention, you get all the complementary bread and water whenever you want!

But then again this place can sometimes be a dread! Everyone seems so sad that they landed in Dante's Inferno. I mean gosh, this place is actually pretty great if you give it a chance!

Chapter 2 by Martinez

It even rains!

but that's just on movie nights.

Satan is usually being a little bitch on movie nights.

You would think Hitler would be bad, but no its fucking Satan.

The only downside is that there's no way to leave the country or go to another planet.

The upside is that there's no way to leave the country or go to another planet.

Also, don't tell Satan he's being a bitch. He'll just ignore you and say "I'm not a bitch."

You can tell that god is glad about kicking him down here, but really Satan is just a huge fangirl who gets up at 5 in the morning to write fanfictions and dont look into his titanic fanfiction or you will probably cry.

Damn Satan and his depressing stories....not that i would know....YOU DIDNT HEAR THIS FROM ME!!!
